

**Forskningsetik, 4.5 hp**

Research Ethics, 4.5 credits

Forskarutbildningskurs

7FIKO50

Institutionen för kultur och samhälle

Gäller från: Första halvår 2024

**Fastställd av**

**Fastställandedatum**

**Diarienummer**

## **Kursinnehåll**

The course covers research ethical problems and concepts, such as autonomy and informed consent, scientific fraud and misconduct and the researcher's responsibility for the consequences of his/her research. Research ethical declarations and Swedish legislation on research ethics are introduced. Field-specific research problems are discussed as well as research ethical problems experienced by the course participants. After completing the course, the student should be able to identify and describe common research ethical problems, suggest solutions to the problems and justify the solutions by means of basic ethical principles. The student should also have proficiency in filling in an application for ethical trial of research.

## **Undervisnings- och arbetsformer**

The course consists of lectures and seminars.

## **Betygsskala**

Tvågradig skala

## **Övrig information**

Kursen kommer att ges under VT25 (prel. mars-april).
